

# Victoria

## Single-use Plastics Ban

# Victoria Plastic Ban

# 1<sup>st</sup> February 2023

Rigid bioplastic items are included in the ban

- **Plastic straws**
- **Plastic cutlery**
- **Plastic stirrers**
- **Plastic plates**
- **Foam bowls**
- **Foam clams**
- **Foam plates**
- **Foam cups**

# 1. Plastic Straws

1<sup>st</sup> February 2023

Plastic straws are not recyclable because its small size falls through the cracks of the recycling sorting process. Plastic straws do not break down and have a high propensity to become litter.

## BANNED Plastic Straws

# 3. Foam Cups

**1<sup>st</sup> February 2023**

It is not financially viable to recycle foam, as it has less than 5% polystyrene plastic to recover, with the rest of it being air. Only 4,000 tonnes of 16,400 tonnes of all foam in Australia is being recovered every year.

## HOW TO RECYCLE FOIL

### Scrunch It.

If you are not sure if the shiny material is indeed foil, scrunch it! If it stays crumpled, it's foil. If it returns to its original shape, it's likely a non-recyclable plastic film.

### Clean It.

In order to be correctly processed, foil must be clean. Simply rinse off food and grease. If this step is missed, it prohibits effective sorting & foil is diverted to landfill.

### Collect It.

Simply scrunch them together until you have a ball roughly the size of a fist. Alternatively, you can collect these smaller pieces in a can and fold the can over to secure. The bigger the ball, the easier it is to recycle!

### Bin It.

Recycle it the yellow bin. Most kerbside collection accepts it. If you're unsure, you can check with your local council as to which bin is correct.
